Changes are required	6
Compose should only be accessed by admin, not regular clients.	6
“News” should be a top menu	6
“Submissions” rename to “Tuning” and it should be a top menu	6
This price should be hidden. We will display it later.	6
https://www.br-performance.be/ has an extra chart. Can we upload our chart and display here for the car models that we tested?	7
When “Software” is clicked, a search box shows up. User can input the file names, and names of the matched download-able files will show up. After user pay for them, they are downloadable. The source of truth of the downloadable files are the folders in FTP, including firmwares and manuals	8

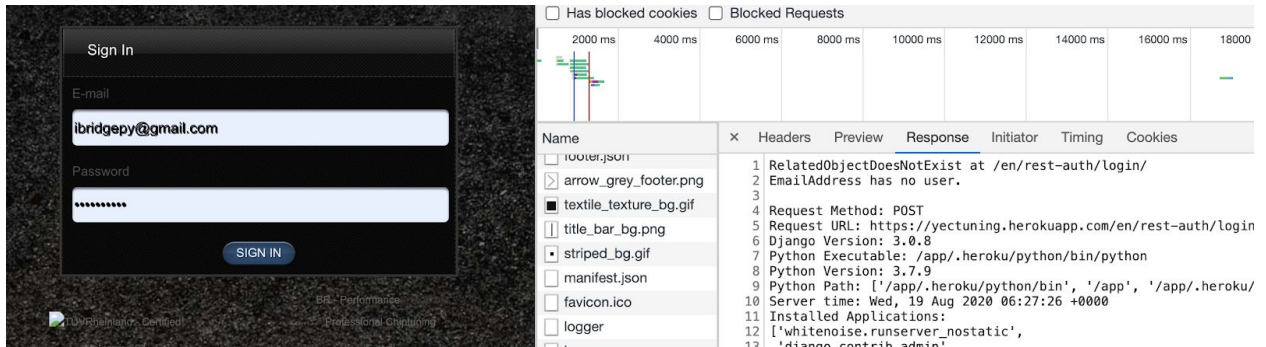

Bugs

When email is registered, there is no proper message

The screenshot shows a 'Sign Up' form with the following fields: Username (filled with 'ibridgepy'), E-mail (filled with 'ibridgepy@gmail.com'), Password (masked with dots), and Confirm Password (masked with dots). A 'SIGN IN' button is at the bottom. The network log shows a request to 'registration/' with a response: `{ "email": ["A user is already registered with this e-mail address."] }`.

If email is registered, why cannot sign in?

The screenshot shows a 'Sign In' form with the following fields: E-mail (filled with 'ibridgepy@gmail.com') and Password (masked with dots). A 'SIGN IN' button is at the bottom. The network log shows a request to '/rest-auth/login/' with a response: `RelatedObjectDoesNotExist at /en/rest-auth/login/ EmailAddress has no user.`

How to replace the display picture and performance data?

The screenshot shows a web interface for car tuning. At the top right, it says "Audi TT RS 8J 2006 > 2014 2.5 TFSI RS". Below this is a navigation bar with tabs: "ChipTuning", "Audi", "TT RS", "8J 2006 > 2014", and "2.5 TFSI RS". Under "ChipTuning", there are sub-tabs: "ECO", "Stage 1", and "Stage 2". The "Stage 1" tab is selected. Below the tabs is a table with performance data.

	Original	After Tuning	Difference
Power	340 hp	400 hp	+ 60 hp
Torque	450 Nm	600 Nm	+ 150 Nm
Price VAT included Payment Options			€

How to replace the paypal account to a real paypal account?

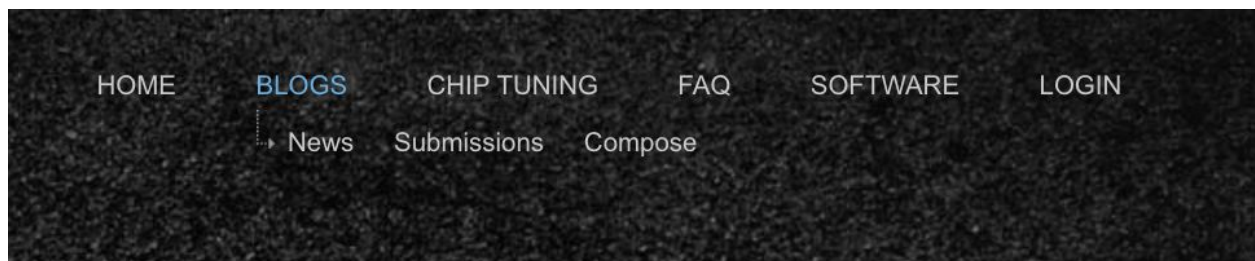

How to edit the price of each downloadable file?

Changes are required

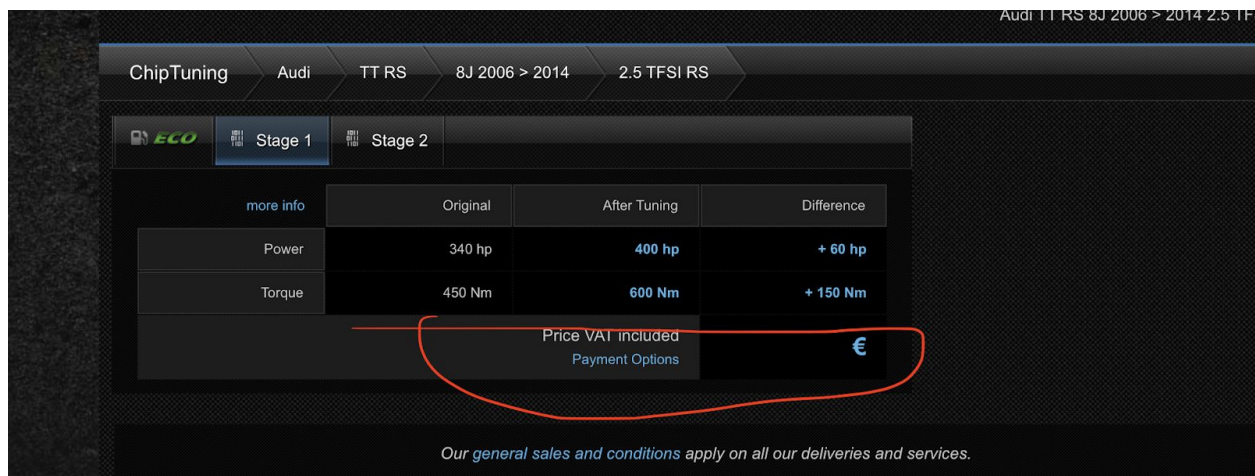

Compose should only be accessed by admin, not regular clients.

“News” should be a top menu

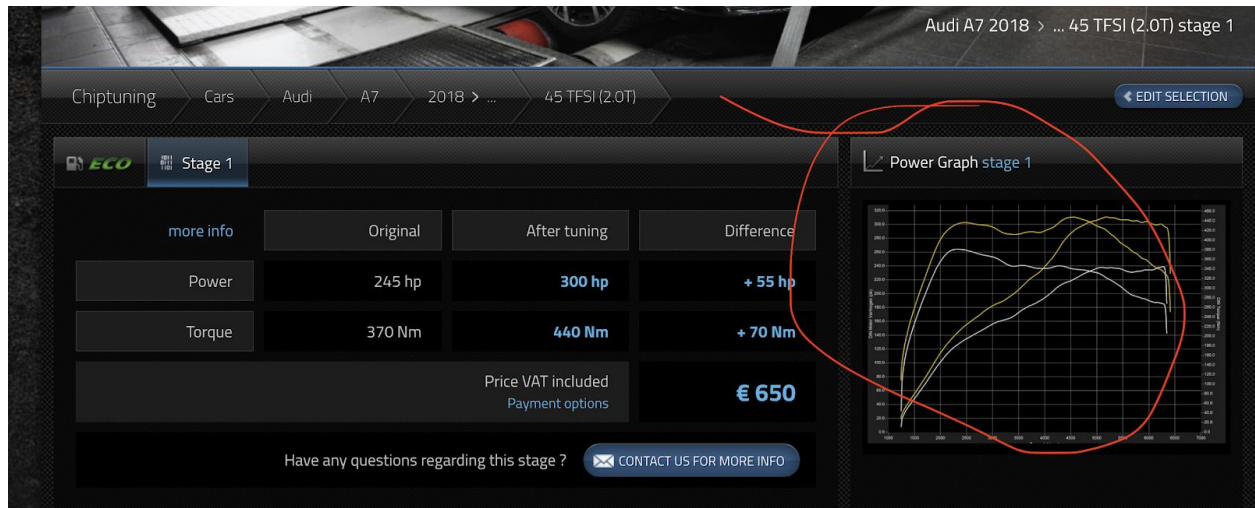

“Submissions” rename to “Tuning” and it should be a top menu

This price should be hidden. We will display it later.

<https://www.br-performance.be/> has an extra chart. Can we upload our chart and display here for the car models that we tested?

When “Software” is clicked, a search box shows up. User can input the file names, and names of the matched download-able files will show up. After user pay for them, they are downloadable. The source of truth of the downloadable files are the folders in FTP, including firmwares and manuals
